

CITB SSSTS Refresher

Site Supervisors Safety Training Scheme (1 Day)

The United Kingdom Contractors Group (UKCG) recognise this course as meeting the required standard for all supervisors working on UKCG sites.

Course Overview

The CITB Site Supervisors' Safety Training Scheme (SSSTS) refresher course is for those persons who already hold a current SSSTS certificate. This course reinforces and updates your knowledge and understanding of your legal responsibilities regarding health, safety, welfare and environmental issues.

Course Syllabus

At the end of the course delegates should be able to understand the health, safety, welfare and environmental health and safety issues relevant to their work activities and also understand their legal health and safety responsibilities relevant to their work activities and therefore safely supervise activities on a construction site

Key topics of the SSSTS course include:

- The Health and Safety at Work etc. Act 1974 and relevant health and safety regulations
- Identification of specific construction site health and safety issues including substances hazardous to health (COSHH), Working at Height etc.
- Tool Box talks
- Control of subcontractors
- Health related issues
- Risk assessments and site inductions
- Proactive and reactive monitoring
- Working at height
- Demolition
- Noise
- Occupational health
- Confined spaces
- Fire
- Electricity
